### Eligibility

To use the **NSU EXCELS** registration service you must be admitted to the University and follow the schedule of times for enrollment printed in the front of the current schedule. Students who have completed a bachelor's degree may enroll, by phone, in up to six hours prior to filing a plan of study. [Contact your academic advisor.] Undergraduates and graduates may use **NSU EXCELS** to register for classes in Tahlequah, Broken Arrow and Muskogee.

**NSU EXCELS** registration service enhances the academic advisement system - it does not replace it. Before starting the **NSU EXCELS** registration process, you must consult your academic advisor to develop your class schedule and receive permission to enroll. Be sure to select several alternatives in case of scheduling conflicts or closed classes. A list of open classes is available on the NSU Website at [www.nsuok.edu](http://www.nsuok.edu), academics, schedules, summer, fall, spring open classes.

### Access

**NSU EXCELS** registration service will be available during dates and times listed in the front of the current schedule. **YOU MUST HAVE A TOUCH-TONE TELEPHONE TO ACCESS NSU EXCELS!** Touch-tone telephones make a single tone sound after each button is pushed. If you are using a cordless or cellular telephone, please verify your changes by printing a copy of your schedule from the NSU Website.

### Schedule

Your scheduled time for registration using the **NSU EXCELS** registration service is based on the number of hours you have completed when you register, not including the hours in which you are currently enrolled.

You may use the **NSU EXCELS** registration service AFTER your scheduled time but not before. Please see front of the current schedule for your assigned time.

### Worksheet and Instructions

Degree plans currently on file are valid only as long as you are continuously enrolled.
