The Board of Regents for the Regional University System of Oklahoma (RUSO) strives to provide students, faculty and staff with a safe, secure and ethical place to work and study and to support each university within the system in practicing the highest levels of ethical conduct. To be successful every person within the RUSO system must share in the responsibility for promoting a positive environment.

RUSO has selected EthicsPoint to service the RUSO Tip Line which provides an easy way for you to discreetly and confidentially report activities which you, in good faith believe, may be unethical, illegal or otherwise inappropriate behavior in violation of established policies.

EthicsPoint is a reporting tool that assists the university communities in working together to prevent, detect and correct fraud, abuse, misconduct, and other violations, while helping to cultivate a positive environment. RUSO considers your concerns important and desires your cooperation in resolving such issues. The RUSO Tip Line system provides a formal mechanism for investigation, follow-up and response.

You may [file a report](#) through EthicsPoint or by calling toll-free 866-898-8438.

This RUSO Tip Line is not intended to replace management or supervisory oversight; nor does it replace existing reporting systems on your campus. Individuals are encouraged to bring concerns to their supervisor, Human Resources, Affirmative Action, or other campus entities as appropriate and resolve problems or disputes through established channels whenever possible.
