Many changes are on our horizon at Northeastern State University, and I am excited to continue building support for scholarships, capital improvements, faculty endowments, and programs at NSU through the Second Century Campaign. I hope you'll join me in making the campaign successful!

As you may have heard, NSU President Dr. Don Betz will be leaving on July 31 to become the new president at the University of Central Oklahoma in Edmond. While I will miss his energy, vision, and ability to build a top-notch leadership team, that leadership team remains at NSU and is committed to seeing through the transformational Second Century Campaign projects initiated during Dr. Betz's tenure. **It's my pleasure to share some of these projects with you, including:**

- Second Century Square, an outdoor gathering and performance space located between the University Center and the College of Business and Technology;
- Redmen Heritage Wall, honoring our university's sports legacy and located between Haskell Hall Annex and the John Vaughan Library;
- Capitola "Cappi" Wadley Reading and Technology Center, being constructed on the third floor of the College of Education's Bagley Hall;
- Multipurpose Events Center for basketball games, concerts, and performances, as well as the only storm shelter in Cherokee County, to be built just south of the Doc Wadley Football Stadium;
- Health and Wellness Center, providing fitness, training, and health-related services to NSU students, employees, and the surrounding communities, to be built on the northwest corner of Oklahoma and Crafton; and
- Embrace the Vision Campaign for the Oklahoma College of Optometry, to fund a new Lesley L. Walls Low Vision Clinic on the NSU—Broken Arrow campus, upgraded surgery and advanced care clinics on the Tahlequah campus, endowed scholarships and faculty positions, an equipment replacement fund, and planning and design for new and renewed facilities.

The first two projects are nearing completion, so I invite you to visit both of them, and in the process, stroll by the CASE Building (Center for Admissions and Student Enrollment, a one-stop shop for new and continuing students that opened in 2009), relax on a bench, chat with some of our students, and enjoy our beautiful Tahlequah campus.

If you want to travel to NSU virtually, [click here](#) to browse through the digital version of the NSU Foundation's 2010 Annual Report. You can search for people and places, click links to go to related webpages or to send an email to us, and zoom in on photos or text. Let us know what you think of the digital version, and if you'd like a paper copy to share with a friend or fellow alumnus, just stop by our offices in the Branscum Alumni Center.

The Alumni and Development staff and I invite you to visit us in the Branscum Alumni Center-We hope to see you soon!
Sincerely,

Peggy Glenn '90
