ABOUT

Career Events

Northeastern State University Career Services provides an opportunity for students and alumni to meet on campus with recruiters from a variety of employers, graduate schools, local, state and federal government agencies, school districts, as well as non-profit organizations.

During the event, students and alumni are given the opportunity to learn about specific employment positions and internships. For undergraduate students, this event allows you the opportunity to ask questions and obtain information to assist you in reaching your career goal.

Attendees should dress professionally and bring resumes.
