Northeastern State University

College of Education

Diversity Criteria

2009-2010*

NSU maintains a commitment to diversity in its clinical placements. Criteria considered in this commitment include student population ethnicity, mobility, socio-economic status, and student characteristics including exceptionalities and English proficiencies. Data are updated regularly using the most recent data available from state reporting systems. Candidates will be required to complete clinical experiences/ student teaching in partner schools reflecting diversity according to the guidelines below.

1 Ethnicity	< or = 58% Caucasian [OK state average]
2 Mobility	> or = 10% new students [OK state average]
3 Free/Reduced Lunch	> or = 56% students qualify [OK state average]
4 Special Education	> or = 15% students qualify [OK state average]
5 English Language Learner (ELL)	> or = 6% students [OK state average]

Based on data reported in the annual Profiles Report, each school is given a rating of highly diverse (3), diverse (2), or not diverse (1).

- Level 3 *Highly Diverse Placement:*
The population of students is above or equal to the state average in three or
- Level 2 *Diverse Placement:*
The population of students is above or equal to the state average in two of the def
- Level 1 *Low Diversity Placement:*
All other placements fall into this third category

Candidates complete three clinical internships as they progress through the program: Pre-I, Pre-II, and Full. Candidates must complete at least one internship in a highly diverse placement (level 3) and one in a diverse placement (level 2 or higher). Candidates may choose to complete all placements in schools identified as levels 2 and 3

[*Updated annually, based on Profiles 2008, a database of Oklahoma school sites and districts.](#)
