Members of the NSU community may purchase a membership to the Center. Individual or family memberships are available for students, NSU faculty, staff and emeriti faculty and staff. Family membership includes spouses and children less than 21 years of age still living at home and attending school.

Children of all members and guests must be accompanied by a parent unless the child is over 16 years old. Children must be 14 years old to use the handball/racquetball courts and weight room. Participants in intramural sports must have a Fitness Center membership.

Educational Tours

Educational	Fees as
Tours	announced

Northeastern State University sponsors educational tours which are conducted under university direction. The costs and schedules for each tour are announced in advance. Credit may be established on either the undergraduate or graduate level with academic fees being determined by the amount and type of credit established.

Assistance from Other Sources

Other state and federal financial assistance are available to qualified students including Vocational Rehabilitation, Veterans benefits, and assistance from the Department of Human Services. Students are encouraged to contact the appropriate government office in their community for more information about these programs.

Tuition and Fee Payment

All fees are due by the first day of classes. Financial aid will be applied to accounts within the first two weeks of classes. If accounts are not paid in full by this time, a late fee will be applied.

Refunds

[^TOP](#)

A student who drops individual classes or withdraws completely from the university prior to the first day of classes for the semester will receive a 100% refund of tuition and fees.

A student who drops individual classes or totally withdraws during the first two weeks of the regular fall/spring semester or during the first week of the regular summer semester will receive a 100% refund of tuition and fees. The period of time to drop short-term classes will be pro-rated based on the length of the class.

Refund Policy for Financial Aid Recipients Who Withdraw

Any student receiving federal financial assistance who completely withdraws from or fails all classes at NSU will be subject to the Return of Title IV Funds refund policy required by federal regulation. Any student receiving federal financial assistance who drops single course before the course starts, BUT after they have been paid at NSU may be subject to the Return to Title IV funds. Any student who does not begin attendance in all courses for which they are enrolled in may be subject to the Return of Title IV funds.

This policy applies to students receiving assistance through the Pell Grant, Supplemental Education Opportunity Grant, Teach

Grant, Perkins Loan, Subsidized Stafford Loan, Unsubsidized Stafford Loan, and Parent Loans for Undergraduate Students Programs.

This policy assumes a student earns his or her financial aid based on the period of time the student remains enrolled through the semester. Upon withdrawal, Student Financial Services will determine the date of the student's withdrawal on record in the Office of Admissions and will calculate the amount of financial assistance the student earned while enrolled in classes according the following formula: number of days enrolled divided by total number of days in the semester.

If the amount of federal aid disbursed exceeds the amount of federal aid earned as of the date of withdrawal, either the university, the student, or both are required to return some portion of the federal aid received. Late disbursements for which the student is eligible are required to be included.

Students who remain enrolled beyond the 60% point of the semester are considered to have earned 100% of the financial aid received. Students who are enrolled for less than 60% of the semester will likely be responsible for repaying a portion of the financial aid received.

Student Financial Services will calculate the amount of any refund due according the Return of Title IV Funds Formula outlined in federal regulation. Examples of this refund formula are available in Student Financial Services. Any refund amount calculated from this formula will be returned to the appropriate federal financial aid programs. Refunds for financial aid recipients are never given directly to the student. Calculated refunds amounts are returned to the federal financial aid programs in the following order: Unsubsidized Stafford Loan, Subsidized Stafford Loan, Perkins Loan, PLUS Loan, Federal Pell Grant, SEOG Grant, other federal financial aid programs.

Under this policy, the date of withdrawal is the date the student began the withdrawal process by contacting the NSU Office of Admissions either in person or by phone to complete a Notice of Withdrawal form. If a student leaves NSU without contacting the Office of Admissions to formally withdraw, the withdrawal date will be designated as the midpoint of the semester or the last date of attendance at a documented academically related activity. For students who fail to return from an approved leave of absence, the withdrawal date will be designated as the date the leave of absence began.

Dropping Courses

If you do not begin attendance in all of the courses for which you have received financial aid, you may be obligated to repay all or a portion of your financial aid. (Note: Dropping a course(s) will also affect your Satisfactory Academic Progress, please read the SAP policy below.)

Student Financial Aid

[^TOP](#)

NSU's financial aid program is designed to recognize outstanding achievement and leadership potential and to assist those who otherwise would be unable to attend the University. NSU has its own scholarship and work programs and also participates in all traditional types of financial assistance available through the state and the federal government.

Students at NSU receive funds from a variety of sources to pay for their education, including scholarships, grants, part-time jobs and educational loans. This money comes from federal and state agencies as well as private donors.

We believe that the student and the family should make an investment in the students education. We are committed to working with families to make an NSU education affordable.

Most federal and state educational assistance is based on financial need as determined by the information you provide on the FAFSA. Financial need is the difference between the cost of attending NSU and the Estimated Family Contribution (EFC) calculated using formulas prescribed by federal regulation.

Financial Aid Application Process

[^TOP](#)

1. Apply for admission to NSU.
2. Complete the Free Application for Federal Student Aid (FAFSA) as soon as possible after January 1st each year. The most efficient method for students to apply for financial aid is to complete the FAFSA online at www.fafsa.ed.gov.
3. Respond promptly to any correspondence requesting additional information. All correspondence will be sent via your NSU email account, so its important that you check your NSU email account regularly.
4. Financial aid applicants will be notified of their financial aid eligibility through their NSU email account or via regular mail service.

Types of Financial Assistance Available

[^TOP](#)

All aid awarded to students through Student Financial Services, is awarded based on several factors:

- Students expected family contribution (EFC) which calculated from the students' FAFSA.
- Students enrollment status, i.e. full time etc...
- Students living arrangements, i.e. on-campus etc...
- Outside resources that student may be receiving, i.e. scholarships, tribal grants etc...

Grants: money available for education that does not require repayment

PELL - Federal Pell Grant. Based on financial need. Available only to undergraduates.

SEOG - Federal Supplemental Opportunity Grant. Available only to undergraduates with exceptional financial need, limited funding available.

OTAG - Oklahoma Tuition Aid Grant. Available to needy Oklahoma residents who enroll at least half-time in an undergraduate program. Must file a FAFSA by April 15 to be considered.

Tribal Assistance - Available for Native American students; please apply early to appropriate tribal higher education agency.

Teacher Education Assistance for College and Higher Education Grant (Teach Grant) - Through the College Cost Reduction and Access Act of 2007, Congress created the Teach Grant program that provides grants of up to \$4,000 per year to students who intend to teach in a public or private elementary or secondary school that serves students from low-income families. Students can find the requirements for this grant on NSU's Financial Aid website under the grant section.

Employment: part-time employment allowing students to earn money to pay for educational expenses and gain valuable work experience.

FWS - Federal Work-Study Program. On-campus employment. Normally fifteen hours per week at minimum wage. Financial aid eligibility is required, limited funding available

Institutional Employment - On-campus employment. Normally twenty hours per week at minimum wage. Financial aid eligibility is not required.

Job Location and Development - Provides assistance in locating off-campus employment. Financial aid eligibility is not required.

Loans: money available for education requiring repayment with interest.

FEDERAL PERKINS LOAN - Money borrowed through NSU at 5% interest. Must be enrolled at least half-time. Available to both undergraduates and graduates, limited funding available. Repayment begins nine months after graduation or leaving school.

DIRECT Subsidized Stafford LOAN - Money borrowed from the US Department of Education at a fixed interest rate. Repayment begins six months after graduation or six months after leaving school.

DIRECT Unsubsidized Stafford LOAN - Money borrowed from the US Department of Education at a fixed interest rate. Repayment begins six months after graduation or six months after leaving school; borrower is responsible for interest payments while in school.

Loans listed above do have maximum yearly, as well as lifetime limits. A chart acknowledging these limits may be found on our website under the loan section.

Satisfactory Academic Progress Policy

[^TOP](#)

Federal regulations require that all recipients of student financial assistance make satisfactory academic progress toward a degree or certificate. Students applying for assistance through the Federal Pell Grant, Teach Grant, Federal SEOG, Federal Work Study, Oklahoma Tuition Aid Grant (OTAG), Federal Subsidized Stafford Loan, Federal Unsubsidized Stafford Loan, Federal Parent PLUS Loan and Graduate PLUS loan programs are required to meet **THREE** separate requirement in maintaining their financial aid eligibility at NSU.

First, students are required to maintain a minimum cumulative grade point average.

Second, students are required to complete (pass) a certain percentage of hours they attempt.

Third, students must complete their degree within a timely manner.

These three requirements are summarized in the following charts. Failure to meet **ALL** of these minimum academic standards will result in the loss of financial aid eligibility. Students are expected to know, based on this Satisfactory Academic Progress Policy, when they may be placed on financial aid suspension. Satisfactory Academic Progress is reviewed at the end of each academic semester once grades have been posted.

Satisfactory Academic Progress Policy Requirements

[^TOP](#)

I. Grade Point Average Requirement

Each student must meet a minimum cumulative grade point average to remain eligible for federal student aid.

Satisfactory Academic Progress Policy Requirements	Undergrad Students		Grad Students
Total Hours Attempted from all Institutions	1-30 credit hr	31 hrs or more	All
Minimum Cumulative G.P.A	1.70 GPA	2.00 GPA	3.00 GPA

II. Satisfactory Completion of Semester Hours Requirement

Students must also successfully complete and pass 67% of all courses they attempt. Grades of A, B, C, D, F, P, S, W, AW, WP, WF, I, N, NA, NP, X and U are all considered attempted hours. Only grades of A, B, C, D, S, and P are counted as successfully completed.

Percentage of cumulative attempted hours a student must complete to remain eligible for federal student aid.	Undergraduate Students	Graduate Students
Students must successfully complete:	67%	67%

III. Maximum Time Frame for Degree Completion

Students must complete their degree program within an allotted time frame to remain eligible for financial aid. The chart below indicates the time frame in which a degree must be acquired. Be aware that hour limits are cumulative; therefore, **all hours from all institutions you have attended will be included**. Student Financial Services recommends that students who have attempted 150 hours towards their first Bachelor's degree log on to NSU's Degree Audit Reporting System (DARS) to ensure they are taking the courses necessary to complete their degrees. For financial aid purposes grades of A, B, C, D, F, P, S, W, AW, WP, WF, I, N, NP, X and U are all considered attempted hours. Once students reach their maximum time frame for their specified degree, they are no longer eligible for federal student aid.

Attempted Hours Allowed for Earning a Degree

186 Hours - First Bachelor's Degree 48 Hours - First Master's Degree

240 Hours- Additional Undergrad Work 80 Hours - Additional Master's Work

Repeated Coursework

Title IV funds may only pay for one repeat of a previously passed course. More than one repeated course will not be calculated in your enrollment status pertaining to Title IV funds.

Satisfactory Academic Progress Evaluation

[^TOP](#)

- **Satisfactory Academic Progress** is evaluated at the conclusion of each academic semester after grades have been posted. All attempted and transfer hours are counted during this evaluation.
- A **WARNING** is given to students for one semester who do not meet both requirements I. and II. listed above. This is a warning status and students can receive financial aid during their next semester of attendance. NOTE: A warning is not given to students regarding maximum time frame, it is the student's responsibility to know how many hours they have attempted and where they stand.
- **SUSPENSION** will be required for any students who fail to meet both requirements I. and II. at the conclusion of their warning semester. Students cannot receive funds from the aid programs listed above while suspended. (SEE APPEAL OF SUSPENSION)
- Rules are applied uniformly to all students whether or not aid has been received previously.

Financial Aid Suspension Appeals/Reinstatement

[^TOP](#)

A student with extenuating circumstances may appeal the financial aid suspension by submitting a written appeal to the Office of Student Financial Services. Appeals must explain in detail why the student failed to meet the minimum academic standards, what extenuating circumstances caused the failure, and how the situation has since improved. Examples of

extenuating circumstances include illness, medical issues with immediate family members, or a death in the family. Personal or financial issues with family, friends, or roommates are not considered extenuating circumstances. The appeal should include supporting documentation to substantiate the request for reinstatement. **A student's typed appeal should include:**

1. The reason(s) why the student failed to meet Satisfactory Academic Progress.
2. Supporting documentation that may be pertinent to the student's appeal.
3. An academic plan for success which should include the following components:
 1. What has changed in the students life that will enable them to be a successful student in the future.
 2. The student must supply a detailed breakdown of the courses/grades needed for the student to complete their graduation requirements.
 3. The student must read and acknowledge that they understand the Satisfactory Academic Progress Policy.

The appeal and all supporting documentation will be reviewed within the Financial Aid Department. and be approved or denied. The results of the appeal will be emailed/posted to the student's NSU Greenmail account within approximately ten working days.

If denied, the student is responsible for paying for their own educational costs until the student improves his/her scholastic record to meet the minimum standards. Students who were denied due to maximum time frame are responsible for paying for their own educational costs for the remainder of their degree program.

If approved, the student will either be:

1. Placed on probation for one semester only, or
2. Placed on probation based on the academic plan for success that they submitted with their appeal.

The student's approval email/letter will explain all requirements that must be met during his/her probationary period to continue to receive financial aid.

A student who fails to complete a single course or has a complete withdrawal from the university after receiving financial aid may be automatically placed on suspension.

Student Responsibility

Students are held responsible for reading and understanding the Satisfactory Academic Progress eligibility requirements and knowing their status at the end of each semester. If questions arise, contact the Office of Student Financial Services at 918-444-3456.

****PLEASE NOTE:** Financial aid warning, probation, and suspension are separate from academic probation and suspension.

Scholarship Programs

[^TOP](#)

Our goal at NSU is to seek the best and brightest students in the area. Each year we award many of these students scholarships based on merit, talent, and financial need. The NSU scholarship programs are extensive and offer many competitive awards.

Scholarships for Entering Freshmen

[^TOP](#)
