Quality Matters

January 24, 2011 - 9:23pm — Rick Shelton

Quality MattersTM is a collegial review process where reviewers provide feedback on the course design in two ways: 1) awarding of points for specific review standards, and 2) providing substantial, constructive, and specific comments and suggestions with regard to both areas for improvement and existing strengths. Reviewers are asked to take the students' perspective with regard to clarity and organization.
The Quality Matters Rubric and review process are dynamic and reflect national standards of best practice and the research literature.

Safe Assignment

May 10, 2010 - 1:45pm — Rick Shelton

This is a short video on how to use Safe Assignment in Blackboard.
How Does it Work?
SafeAssign can be used in two ways.

1.Instructors can set up SafeAssignments in their Blackboard courses and let students submit papers to these assignments, in a way very similar to the one provided currently by Blackboard Learning System. As students submit papers, they are checked against SafeAssign's comprehensive databases of source material. The papers will then be delivered to instructors through the Blackboard Learning System together with the originality reports, with the results of the matching process, attached to them. >>More on Creating SafeAssignments
2.Instructors may upload papers directly with the Direct Submit feature, without student involvement. >>More on Direct Submit
Matching Process
SafeAssign checks all submitted papers against the following databases:

•Internet - comprehensive index of documents available for public access on the Internet
•ProQuest ABI/Inform database with over 1,100 publication titles and about 2.6 million articles from '90s to present time, updated weekly (exclusive access)
•Institutional document archives containing all papers submitted to SafeAssign by users in their respective institutions
•Global Reference Database containing papers that were volunteered by students from Blackboard client institutions to help prevent cross-institutional plagiarism.
SafeAssign Originality Report
SafeAssign generates an Originality Report with the results of the Matching process.

Women of the Oklahoma Legislature

September 17, 2009 - 4:57pm — wilsonla

During the Summer of 2009, I wrote lesson plans for a special project through OSU's Oral History Project. The topic of the plans was the women of the Oklahoma Legislature. To date, only seventy women have served as either a Senator or a member of the House of Representatives in Oklahoma since statehood.

I encourage you to visit the Women of the Oklahoma Legislature site. You will be able to either listen to the oral history stories or, in some cases, read the interview transcripts. The lesson plans have a specific button to select.

These plans were designed for students ranging from grades 4-6 or grades 7-9 throughout the state of Oklahoma. I hope you enjoy the plans and have an opportunity to use the information with your students.

The Women of the Oklahoma Legislature site can be accessed at the following URL: http://www.library.okstate.edu/oralhistory/wotol/

Happy teaching!

MERLOT ELIXR PROJECT

September 17, 2009 - 4:45pm — wilsonla

Professor Rick Shelton and I worked for two years on a digital case study--From Memeographs to Podcasts. We tracked my efforts to transform ELED 4343 from a traditional class to one that utilizes technology. It also tracked my victories and defeats in learning the process of creating instructional podcasts. Professor Shelton and I video taped the interviews. Professor Shelton edited the entire project. He selected the music that plays at the beginning of each segment. Great song choice!

I would be so happy for your to view this digital case study. If you wish to see the "closed captioning" feature, select the "cc" button. You will see NSU professors, NSU students, and former NSU students sharing information. I wish to thank Professor Shelton and everyone who participated and also supported this project. This was a wonderful collaborative project. I appreciate the contributions of everyone involved.

MERLOT is a leading edge, user-centered, searchable collection of peer reviewed and selected higher education, online learning materials, catalogued by registered members and a set of faculty development support services. MERLOT's vision is to be a premiere online community where faculty, staff, and students from around the world share their learning materials and pedagogy. MERLOT's strategic goal is to improve the effectiveness of teaching and learning by increasing the quantity and quality of peer reviewed online learning materials that can be easily incorporated into faculty designed courses. The MERLOT ELIXR project is specifically focused case studies designed to be used as a model for other higher education faculty to follow.

Vietnam Story of Don Paul Sloat

July 22, 2009 - 12:45pm — wilsonla

The community of Coweta, Oklahoma suffered the highest loss per capita than any other city in America during the Vietnam War. We are honored to share a Coweta hero's story, told by his loving mother. We appreciate Mrs. Evelyn Sloat sharing information about her son Don who served in the United States Army during the Vietnam War. At the present time, Don Sloat's recommendation for the Congressional Medal of Honor is being reviewed. We wish to thank Miss Evelyn and her entire family for Don's couragious service to our country. Don received numerous medals during his tours of duty in Vietnam, among them were two Bronze Stars for valor.
You can read more information about Don Sloat at
http://books.google.com/books?
id=phRUwv9IibYC&pg=PA17&lpg=PA17&dq=don+sloat/coweta,+ok&source=bl&ots=vAJmX7zsRS&sig=yLpKramTyvJU6TAlSFHrGHisTsk&hl=en&ei=ZYtLS7DiJo-4Na_qkZAJ&sa=X&oi=book_result&ct=result&resnum=6&ved=0CBYQ6AEwBQ#v=onepage&q=don%20sloat&f=false
Samples of the letters he wrote to his mother are on pages 147-154. You can also search the book for additional information about Don on-line in the book Vietnam: The Heartland Remembers by Stanley W. Beesley. Don always signed his letters "Love, Son".

Sylvester Franklin's Story

July 22, 2009 - 12:04pm — wilsonla

We wish to thank Mr. Franklin from Haskell, OK, for sharing his story with us! Mr. Franklin started teaching in the fall of 1950. His entire career has been with Haskell Public Schools. He is still teaching at Haskell today. I would like to note that Mr. Franklin has only had TWO absences since 1950. Mr. Franklin shares stories of attending small rural schools in Okahoma. At one time, he walked five miles to school each morning and five miles home after school. Mr. Franklin has taught in segregated and also integrated schools at Haskell. He explains the differences in these schools.
Mr. Franklin is also a World War II veteran of the United States Navy. He fought in the Battle of Okinawa. He shares that information on this podcast. We wish to thank Mr. Franklin for his service to our country--both as a veteran of foreign war and also as an educator for six decades. He has been a blessing to his students since 1950 as well as to so many individuals throughout northeastern Oklahoma.
