Grants & Awards

Service Learning Grants, [Teaching and Learning](#) Fellowships, and Compensation for Online and Videoconference Course Development are all awarded based on the evaluations and recommendations of the Center for Teaching and Learning Steering Committee.

Northeastern State University has joined the Oklahoma statewide subscription to the Quality Matters Program to promote and improve the quality of online education and student learning. We are currently in the process of rewriting distance learning policies to follow the Quality Matters rubric. The current online and video conference policies and compensation policies on this site are in effect until October 30th and will be replaced at that time. All requests for distance learning course development compensation for the 2011-2012 academic year are due by October 30, 2011 and should follow the current application/evaluation guidelines as described below.

Grants/Fellowships
